Paula Davis (wife of Selectmen Davis) asked if the town could put up signs (children at play) on Eastside Road. Steve suggested this be discussed with the Police Chief and have his feedback and perhaps review the need for these signs on other roads too. Chief Kay has had complaints and another request for the sign. Francis asked the Chief to review and advise more in two weeks as to availability and cost.

Police Chief Kay advised the letter was served to the racetrack and that the race was rained out. It was noted that the track is planning to race on Sundays also. Chief Kay has concerns about the budgeting for the extra money and time needed for his officers. Steve Davis suggested he call upon the Sheriff's department for coverage on Sunday. Palmer suggested Selectmen request the racetrack come in and talk with the board next week. Selectmen agreed and will send a letter this week asking them to come to next weeks meeting.

Steve advised that a copy the keys for the police department have been delivered to Gardner, Fulton, and Waugh.

George Morrill asked if he could get a blind driveway sign (going up the hill) on Beech Hill Rd. near his residence.

Duane Brown asked if he could use the chairs from the town hall for about an hour on June 6, 2009. Selectmen authorized the use of about 50 folding chairs. He will pick them up at 8 am and Ellie Murray will coordinate this with him.

Selectmen signed the proposal for Brian Weeks Electric to install the security cameras.

Earl Flanders requested permission to enter the Baker River water through the ball field area on Sunday. Selectmen requested that they not drive on the field.

Francis moved to approve the minutes and non-public minutes for May 5, 2009, seconded by Steve and approved.

Selectmen signed abatements for Berry M/L 4-02-06, Baker M/L 04-02-36, Pearson M/L 10-01-07, and Franchi Realty Trust M/L 08-11-18.

Kenyon talked with Selectmen and reviewed the SQG Self-Certification form. Steve Davis will get a quote for disposing of the oil and will discuss this next week. Francis suggested we charge for the oil. It was also suggested the town contact a resident (Kevin Patten) to take the oil. Steve will also talk to Kevin Patten. There was discussion on various ways to improve the recycling at the transfer station and it was agreed to contact NH the Beautiful to see if they can assist by providing signs and ideas to the Town.

Francis read the letter from Rumney regarding the sorting of the recycled items and the town will respond with a letter.

Donna King advised May 14th is the Lien date and May 27th is the Deeding date. Donna asked if the administrative assistant would sign for paperwork and it was suggested she keep her own log. Donna asked if the town could participate in the C.O.M.P.A.S.S. program for a fee of \$53.00 to do on line registration renewal. The board approved this on line program with the state.

Selectmen decided to give away the tires in the shed. They also decided to advertise the Drott for sale.

Ellie advised that the additional repair work done at the Town Hall is satisfactory. Palmer and Ellie discussed work needed on the chimneys; and Palmer suggested a telescope be put in the chimney and Ellie mentioned a steel pipe liner. It was agreed more needed to be done and Selectmen suggested gas/radiant heaters be considered and remove the wood stoves. Francis estimates it will cost approximately \$1,000 to fix the outside ramp.

Francis moved to adjourn the meeting at 7:48 pm, seconded by Steve and approved.

Respectfully submitted,

Janet E. Woolner
