Selectman signed Payroll checks and vendor checks. Selectmen also signed Minutes of Meeting December 21, 2010.

Paul Davis Jr. stated that it has come to his attention that the Town Highway Department has been sanding and plowing Chief Kevin Kay’s home driveway for emergency reasons. Jr. Davis gave a letter to the Selectmen containing a list of other emergency workers that he believes should receive the same service. The Board stated that they are unaware of this practice. Steve stated that he will go down to the Highway Garage.

Chief Kay stated that in the past he did come to the Board, and it was approved (approximately 2 years ago). He stated that in the last 2 yrs, on a few occasions, when extremely icy, he has had difficulty getting the cruiser out. The Chief said the Highway Department has not plowed his drive, but for emergency, as agreed to by the Board of Selectmen, his driveway has been sanded.

The Selectmen approved of the occasional sanding and/or plowing of Chief Kay’s drive to allow access the police cruiser in emergency weather in which he is unable to access the cruiser on his own.

Chief Kay gave department status update. He had to purchase a battery for the cruiser and has also installed an onboard charger that will keep the battery charged especially during cold weather. Chief Kay said that they had an accident in the cruiser yesterday, due to bad weather and white out conditions affecting visibility. The cruiser damage is minimal and appears to be cosmetic. He will get a quote on the repair.

Discussion regarding the proposed Northern Pass Transmission Project. The towers would be bigger that what is currently existing and would run from White Mountain area to Canada. The alternate route runs through Wentworth.

Palmer brought several issues:
- He wondered why there are now 3 workers at the transfer station. The selectmen told him that Randy Rugar is training a new worker who replaced Frank Karcher. Training should be complete as of this week, and there are now only 2 workers at the transfer station.
- He inquired as to whether the town had set up offsite backup in the case of onsite fire/damage. The board stated that this has been done.
- Palmer asked about funds that were garnered (abt $1,800.00) from the sale of the old grader and whether these funds have been set aside for future backup grader. Discussion followed regarding the creation of a WA to create a trust acct fund to secure these funds to have for this purpose.

Palmer also stated that he feels that Chief Kay is doing an exceptional job. Chief Kay said he appreciated the note and that his entire department is working hard.

Chief Kay mentioned that the security monitor in Town Clerk’s office is not working properly. He has looked at it, and suspects it is the monitor rather than the security system. He said if he gets time he will swap it and see if it’s a monitor issue.

Steve motioned to close, seconded and approved to close the meeting at 7:15 pm,

Respectfully submitted,
