Steve motioned to open the meeting at 6:01 pm, seconded by Chris and approved. The Board reviewed the Agenda. Chris requested that a Non-Public meeting be held tonight per RSA 91-A:3, II(c) – Matters which, if discussed in public, would likely affect adversely the reputation of any person, other than a member of the body or agency itself, unless such person requests an open meeting. Steve agreed to the request.

Steve reviewed the Meeting Minutes of December 8, 2015. The drafted minutes reflect that Steve stated the DOT was looking to remove the Village Bridge this winter. Steve felt this was inaccurate. After discussion with Chris and the Administrative Assistant and the audience, it was felt the minutes accurately reflected what was said at the meeting. Steve wants it to be noted that the DOT has now stated that the project will go to bid in February, and will most likely be removed in the spring, or early summer.

The Board reviewed and signed a Purchase and Sale Agreement and QuitClaim regarding property that has been repurchased by the previous owners, the Fosters, M/L 13-05-05.

Steve noted that Councilor Kenney will be in attendance at next week’s Selectmen’s Meeting to discuss the Village Bridge. Palmer asked if Steve if he has spoken with Henry Ahern regarding the bridge. Palmer stated that he believes there was left over money from the Plymouth Smith Bridge project, and was wondering if those monies might be used for the Wentworth Village Bridge.

Rumney has pulled out of the Association, and as a result costs may be impacted. Chief Trott stated that for 2016 the Town is bound by contract. The Board discussed the cancellation notice previously sent regarding the Town possibly pulling out. Chris stated there are several options were explored, and to have someone else cover, the costs might be more. Chief Trott discussed the benefits of belonging to the Association.

Chief Trott told the Board that he anticipates that by year end, there will be approximately $15,000 of the 2015 that will not be used. Steve stated that if the lack of using funds could be used to decrease the amount of tax raised monies, they would use the Unreserved Fund Balance towards offsetting the 2016 budget. Chief Trott stated that he did not want to create a false illusion that this amount would also be saved next year. The Board discussed the fact that the unspent 2015 budget was due to large part to the decrease in officer support.

Steve discussed the ability to encumber funds if need be for such things as equipment. Chief Trott said he has ordered the equipment that was needed, new computer and fax, and should be all set.
Chris stated that Chief Trott is putting in many hours and doing a great job and putting forth excellent support, and he really appreciates it. Chris discussed with Steve his desire to reflect that appreciation in a small raise. Steve and Chris discussed the additional hours that Chief Trott puts in and agreed to raise the Chief’s salary which is currently $15,600 for Administration wages to $16,750.

**Trustees of the Trust**

Ellie presented the Trustee’s budget. Ellie stated they are requesting a budget of $400.00 this year. Chris asked Ellie who the other Trustees were. Steve asked how often the Trustee’s meet. Ellie stated that they are only required to meet once a year. Steve said would like to send a letter to the Trustees requesting that they meet quarterly, Chris seconded it. George Morrill asked about Account #4130.6, Town Trustees, which is budgeted in the amount of $1,000.00. Steve asked if this was approved by DRA. The Board discussed whether this amount should be totaled with Account #4150.08, Trustee’s Expenses. Ellie stated the amount is paid to the bookkeeper and it has always been done this way. Steve stated that he prefers to see it separated, as it is listed as are the other elected Executive salaries/pay such as Selectmen, Treasurer, and Moderator. The Board agreed to make no changes at this time.

**Town Clerk/Tax Collector**

Donna stated that there will be an increase this year due to additional elections that will be held this year. Donna also discussed the voting hours, which are currently 8am - 7pm. She would like to see it changed to 11-7. Steve stated it was a voted Warrant Article in the past to have the hours from 8-7 pm. She said she could not find it anywhere. Steve said that it would have to be changed by official ballot. Says not many people come before 11 am, and she would like to put it on a ballot. Steve said he will do some research.

Donna said the subcontractor budgeted amount is up this year by $2,000, as they were unable to pay some of the bills this year because it was a very tight budget. They also needed to purchase a new computer this year, and will need to replace another one this coming year. Last year’s budget did not have monies set aside for the new motor vehicle software in Avitar. Training and workshop has gone up as it has been recommended that Town Clerks/Tax Collectors have a certain amount of training. Steve asked about the increase in the TC/TC salary. Donna stated that it has not increased since 2009, and is requesting an increase this year.

**Board of Selectmen’s Budget**

Discussion regarding office equipment, the Board would like to budget $1,000. The AA and the Board discussed the possibility of establishing a new Capital Reserve for larger office equipment such as a server, computers, furniture etc, and agreed that it would be a good idea to establish one. The Board discussed the PB Cam fees, which are intended for the use of placing recorded meetings on the Public Broadcast system. As no one is recording any town meetings, they decided to remove it from the budget. The Board discussed the upcoming revaluation fees. The cost to be taken from the Revaluation Capital reserve and to place $10,000 into the Reserve to begin saving for the next revaluation. The Board reviewed last year’s to date legal expenditures and agreed to reduce the budget to $6,000 this year. The Board also discussed this year’s request for support from Genesis. Although Genesis has requested support in the amount of $4,000 for 2016, the Board supports asking the Town to budget $2,500.

The Board discussed with the AA the need to budget for a server in next few years, as the life expectancy is about 5 years. The current server was purchased in 2013. The Board discussed possibly establishing a Capital Reserve for Office Equipment, which would include the server. The Board discussed looking at the last 3 years Office Equipment expenses.
Transfer Station Budget

The Board reviewed the Transfer Station Budget. A few line items showed increased budget due to increased collection amounts spent in 2015, such as the MSW, Electronics, Tires, and anticipated increase cost in recyclable disposal fees. Overall, the Board suggested an increased budget of approximately $1700.00.

The Board reviewed and signed Vendor payments, Meeting Minutes of Dec 8 & Dec 12 and a refund for Brady ML 13-04-06.

The Board approved. Palmer will put something together and forward it to the AA for placement on the website. Palmer also discussed the power to the Bandstand. He stated that the original plan when bandstand was new was to have power come from the Fire Department building. Palmer stated he does not want to have another wire in the air, and would prefer it to be underground, but because it is a State owned road, it would require permission from the State, permits etc.

He said the preferred method would be to turn over the abutment ownership to the Town. Councilor Kenney asked if it would be worthwhile to bring in DOT Commissioner Victoria Sheehan to meet with the Board and discuss the bridge project as well, as Councilor Kenney stated that he felt it might be beneficial. The Board agreed that would be fine. Steve stated the Town would like to see the project completed by Town Market Day for our 250th celebration which occurs in August, but would like to see completion of the bridge by July.

Councilor Kenney also discussed the Drug Task Force and the widespread problem of drugs in NH. He also discussed his stance on the Northern Pass project, stating that he is not in favor of it, as NH produces enough power of its own.

John Meade discussed the RFB related to the Village Bridge. Councilor Kenney stated there are 2 meetings in April, and stated that it is his job to ensure that the ball is pushed when needed and to streamline timelines. Deda Wilms, was in attendance and discussed with the Board an erosion issue on Turner Road, by her property. She stated that she is hoping that because it is a Town road, that the Town would support her request to have the assistance of a town excavator, dump truck and operator to move debris for one day. She stated she has applied for and
received a grant, and the area will be hydro seeded. The Board discussed the matter, and granted her request for assistance. She stated she will approach the Board sometime in the spring.

John Meade inquired about an item on the Agenda under Old Business regarding the repair of the Town Hall. Steve said they are planning on installing bathroom and running water, with lines to be run from the Historical Society building. Janice Thompson asked if this item would be on the Town Warrant, as one of the Capital Reserves for the Town Hall Maintenance is not expendable and one is expendable. Steve said this is a good point.

Craig Pasco and Francis Muzzey discussed with the Selectmen the plan to have a Fireworks display as part of the 250th Celebration.
