WPD Weekly Activity

12/04/2017 – 12/11/2017

The WPD took a report of an abandoned vehicle on private property in Wentworth. The owner of the vehicle was located and arrangements were made to have the vehicle removed immediately and it was. The vehicles owner was advised not to leave it there again.

The WPD assisted New Hampshire DCYF with an intake report regarding a child abuse case. The report is being further investigated by DCYF.

The WPD also assisted New Hampshire DCYF with a background investigation on two Wentworth residents who are licensed foster parents. This was strictly for the purpose of maintaining their foster parent status.

The WPD assisted DHMC with a follow up on a Wentworth resident regarding some concerning remarks that was made at DHMC about self-harming. WPD was able to confirm that contact had been made with the resident by other emergency services workers and that a family member was with the resident assisting them.

The WPD handled a verbal domestic between three family members. Peace was restored and they were advised that if we returned that one of the family members may have to leave to ensure that there would be no further issues. They assured us that there would be no further issues.

Officer Todd Eck attended a day long training last week for Taser Instructor recertification. This will benefit our agency regarding future training and assist us regarding liability. The training as at NO COST TO WPD thanks once again to the working relationship that the WPD has with the GCSO.

The WPD conducted a department assist where we were asked to do a death notification. We were able to assist the requesting agency in seeing that the death notification was made.

The WPD took a report of criminal mischief and suspicious activity. After a brief investigation the matter was resolved and referred to another agency for follow up due to some sensitive matters surrounding the involved parties.

Recently the WPD was able to supply the Plymouth Police Department with some intelligence that we had been obtained from the state of Florida regarding a Wentworth resident who was wanted by the state of Florida. The WPD and NHSP have been in contact with Florida authorities for several months now regarding this person and Florida authorities were now willing to extradite that person back to Florida on their charges. Due to the sharing of that intelligence and the joint efforts of the WPD and NHSP, the Plymouth Police Department subsequently arrested the Wentworth resident, as a fugitive from justice and is currently being held without bail at the Grafton County Jail awaiting the extradition process back to Florida.
